BY ISSUE . . .

JANUARY
1994 Welding and Fabricating Buyer's Guide

FEBRUARY
17 World's Largest Press Brake Bends Pipe
19 Select the Right Crane for Your Fab Shop
22 Post-Weld Q&T of Vessel Rings
25 Guide to Arc-Welding Shielding Gases
29 Annular Magnetic Drills
34 New Materials for the Fabricator
38 SPFA Members Flock to Boca Raton
41 Technology Transfer Works for U.S. Business

MARCH
29 Computerized Inspection of LB-Cut Plate
37 Design Changes Easy for Versatile Robots
39 Fabtech East—Show Preview
44 Dual-Assembly Lanes Launch Tunnel
49 Comparing LBC of Plate to OFC and PAC
55 Philadelphia Hosts 1994 AWS Show
73 Show Library

APRIL
14 PAC Cuts Tabs, Slots to Simplify Assembly
19 Aluminum Dip Brazing Done Right
25 Small Inverters Deliver Big Benefits
29 Inverter Help Deposit 112 Tons of Filler
33 Weld-Repair Procedures Save Railways

MAY
14 Bridge Fabricator Links Dream to Reality
20 Mexico: Should Fabricators Look South?
28 Oil Platform Floats on Welded Box Beams
37 Top 25 Products
42 Tips for Successful Band Sawing

JUNE
Reference Issue: Resistance Welding

JULY
18 Shoring Up a Crippled Giant
25 U.S. Shipbuilding on High-Tech Heading
31 Workcells Speed Railcar Fabrication
34 Air-PAC Helps Build Rail-Repair Equipment
37 Robot Programming for Auto Production
40 Robotic Lasers Drive Auto Industry
42 Toward an All-Welded Supersonic Aircraft
46 Cast-Iron Platens: Weld-Shop Workhorses

AUGUST
23 Computerization Makes Fabrication Fly
28 CNC's Command Press Brakes and Shears
33 IMTS 94: Industrial Exhibition of the Year
40 Where Pressure Vessels Are the Specialty
45 Should You Worry About Metal Creep?
50 Selecting the Best Gas Regulator

SEPTEMBER
19 Conveyer Triples Hydraulic Shear Output
25 Fabricator Tees Up with Golf-Car Redesign
33 Tank Fabricator Captures Fume at the Source
37 1994 National Safety Council Congress
47 Laser-Beam Eyes Direct Beveling Torches
28 Welding Fume Filters: Are They All the Same?
43 GMAW Shielding Gases: Simplifying Selection

OCTOBER
21 Through-the-Arc Seam Tracker Guides Robot Cell
25 Ultrasonic Testing for the Fabricator
34 Coordinate-Measuring Machines to the Rescue
39 Shearing and Forming: Where the Action Is
42 Two Shielding Gases are Not Enough

NOVEMBER
19 Indy Weld Shop Keeps Racecars on Track
23 Fab Shops Compete with Latest Cutting Equipment
28 Prefab Bridge Floats Upriver to Manhattan
33 Tips to Optimizing Punch-Tooling Investments
37 Pipe Metallurgy a Valuable Bending Tool

DECEMBER
16 Gas-Fired Tubines Power U.S. Utilities
20 HVOF Thermal Spray Upgrades Power Tubines
29 Robots Feed Sheet Metal To Press Brakes
33 Robot Wins Work Arc Welding for Job Shop
36 Need Flexible Scheduling? Robots Deliver
39 Simplified Selection of Bending-Roll Machines
45 Chicago Library Ornaments Marry Art to Engineering

BY SUBJECT . . .
*Subject, **Month:** Page Number*

A

Air sampling **9/94:**33-35
Aircraft **7/94:**42-43
Aluminum, brazing of **4/94:**19-22
Aluminum, welding of **12/94:**45-47
Aluminum rail-car construction **7/94:**31-32
Assembly lines, Boston Tunnel fabrication **3/94:**44-47
Austenitic-manganese steel, weld repair of **4/94:**36
Automotive industry **7/94:**40-41

B

Band sawing **5/94:**42-45
Boston Tunnel, dual assembly lines **3/94:** 44-47
Brazing, dip **4/94:**19-22
Bridge fabrication **5/94:**14-16, **11/94:**28-30
Bump forming **2/94:**17

C

Cabinets, fabrication of **8/94:**23-26
Carbon-manganese steel, weld repair of **4/94:**33-36
Coated steels, resistance welding of **6/94:**42
Computer numerical controllers **8/94:**28-31
Coordinate-measuring machines **10/94:**34-36
Cranes **2/94:**19-21
Creep, metal **8/94:**45-48
Cross-wire welding **6/94:**30
